## Nonskid Pool Deck

Structure Type: Pool Deck  
Project Type: Residential  
Location: Bellbrook, OH  
Products: Surface Deactivator  
Antique Release  
ARTesian Stain  
Poly-Seal  
Seamless Skin

**Overview:** This traditional decorative concrete pool deck features Surface Deactivator (Blue 0.5 mm depth) around the pool. This light exposure creates a non-skid surface that is still comfortable to walk on.

The rest of the patio was stamped using a seamless skin. Natural gray concrete was used, colored with multiple colors of powdered release and water-based stain. All surfaces were sealed using Poly-Seal 400.
